

# Are you REALLY ready for AP?

	YES	NO
Last year, were you in attendance an average of 19 out of 20 school days per month?		
If you are a senior, do you plan on graduating in May and attending Grant for a full senior year?		
Do you plan on taking the AP test in May?		
Can you devote 1 hour per night per AP class for homework?		
Consider extracurricular activities, employment, and family responsibilities that limit your free time. Based on these obligations, will you have enough time to study?		

If you responded no to any of the preceding questions, AP courses may not be for you.
